Problem Solving, Reasoning and Numeracy Maths

I can count to 100

Reading Numbers to the hundred, 200, 300, 400

I can count in 5's

I can swap objects, 2+4=6, 4+2=6, 6=4+2

I can double 1d numbers e.g. 2+2=?

I can double 2d multiples of 10.e.g. 20+20=?

I can find the missing piece to 10.e.g 10=6+?

I can read, arrange and solve addition and subtraction number sentences

I can share 6,9,12,15 objects into 3

Maths - Current Learn its

Please help your child to recall these number facts.

2+4=6 2+5=7

2+6=8 2+7=9

2+9=11 3+4=7

3+5=8 3+6=9
